

PROFESSIONAL DEVELOPMENT FOR TEACHERS

Approaches to Inquiry 2010

shifting classrooms toward inquiry learning

“Fabulous, thought provoking--leading to true and doable shifts in what I will do as a teacher. Rarely has a course been thought through on so many levels.”

—workshop participant, summer 2009

For Teachers, Grades 5-10

August 17-21, plus a fall follow-up meeting, date to be announced.

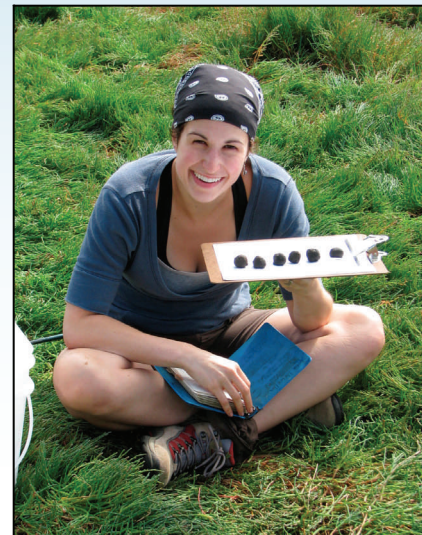

At the Port Townsend Marine Science Center, in Fort Worden State Park.

\$200 includes meals, lodging. Additional costs covered by sponsor.

Credits & Clock Hours available.

Help your students -

- Learn how to find answers to their own questions.
- Develop deeper understanding of science content.
- Strengthen their science process skills.
- Become motivated to initiate and direct their own learning.
